TIME TO BREATHE.

THE SPA TAKES SOPHISTICATION TO A WHOLE NEW LEVEL with the launching of "Breathe" – an exclusive essential oil fragrance created by Ajne, the most sophisticated Organic perfume house in the world. Guests at The Spa can take a moment to experience Breathe after a busy day in the bustle of city living.

Created for The Spa at The Crescent, Breathe offers a scented respite for the stressed-out soul. Close your eyes and breathe in, allowing the healing powers of ancient essential oils to permeate your senses. Breathe contains notes of sweet orange to calm the nervous system, lavender to balance the entire body, and white geranium to enhance self-esteem, creativity and happiness. The fragrance also contains notes of rosewood, which supports the immune system, steadies the nerves and protects the heart.

The Spa Boutique features lotions and apothecary items featuring Breathe as well as a flameless scent pod that diffuses Breathe or any essential oil blend evenly throughout your home.

Ajne's products are nonsynthetic, paraben-free, vegan and packaged in glass. The fragrances are also based on the ancient Chakra system, so they are designed to have a balancing effect on the emotions and the physical body.

Watch for your invitation to a special event where Jane Hendler of Ajne will demonstrate the distillation process to create essential oils and signature blending. The Club will provide infused wines for another wonderful Spa event. Our unique scent pod diffuser with Breathe essential oil is available at a SPECIAL MEMBERS PRICE IN THE SPA BOUTIQUE IN MAY AND JUNE FOR \$120 (REGULARLY \$165).

BORED WITH THE SAME OLD CARDIO ROUTINE?

Try our latest, greatest cardio equipment. We'll bet you a smoothie, that the Arc Trainer, Incline Trainer, and Free Motion Strider will help you get better results than your standard workout.

The Arc Trainer can be programmed to give you constant resistance, which prevents you from easing up during your workout, even when you're distracted watching TV. The Incline Trainer, even at 2 mph, with at a 21-degree incline or higher, can burn more fat calories than running on a flat surface. The Free Motion Strider allows you to use a full range of motion, which gives you a better burn in your legs and increases flexibility versus the standard elliptical. PLEASE ASK ANY TRAINER HOW TO GET THE MOST FROM OUR NEW CARDIO EQUIPMENT.

MEMBER SPOTLIGHT:
GARY & CLAUDIA STONE.

GARY & CLAUDIA HAVE BEEN MEMBERS OF THE
THE CLUB AND SPA FOR NEARLY TEN YEARS.
Gary joined soon after they moved to Dallas
when he took up the post of COO of Univision
Radio. They appreciate the staff and love the
ambiance of The Club. Gary was familiar with
The Club as Univision regularly had pre-board
meeting dinners in the private dining rooms.
Claudia quickly took advantage of The Spa's
amenities, from spin classes to massage treat-
ments. When Gary takes a friend to play golf,
Claudia often takes the friend's wife to The
Crescent for a day of beauty treatments. They
finish with dinner together in the main dining
room and then drinks, dancing and enjoying
Jerry's baritone voice in The Bar.
As a seasoned operating executive with 40
years of broadcast experience and 30 years

of Spanish media experience, Gary is well
regarded for his ability to not only shake up
the status quo, but also drive initiatives by
building local-level buy-in. In his fifth year
as president and ninth year as COO of the
premier Spanish-language radio broadcasting
company in the country, he is responsible for
developing and driving strategy, operations
and financial initiatives for approximately
70 stations in 17 markets. Despite the eco-
nomic challenges, Univision Radio continues
to outpace its Spanish-language competitors.
Gary and Claudia commute frequently to
New York and have a Midtown Manhattan
condo in an area called Turtle Bay. They
were attracted by the spectacular view of the
Chrysler Building and East River and being
a short walk to great shopping on Madison
Avenue, 5th Avenue and Central Park.
While humble about his golf game, Gary
is more confident about his abilities as a
musician – he plays guitar, drums and piano.
Claudia is a regular on the fitness floor, and
you can expect to see Gary in the Rotisserie
for lunch, enjoying the great food and service.
Gary's a big fan of finishing off a delicious
meal with coffee and one of The Club's
amazing cookies. Bon appétit!
